Ravensburg State Park

Ravensburg State Park lies in a rocky steep-walled valley that was carved by Rauchtown Creek. The park was named for the ravens that once roosted at the southern end of the park. At the other end of the park, the modern campground nestles under huge hemlocks and northern hardwoods. Several campsites along Rauchtown Creek offer campers the soothing sound of a mountain stream. Each site has a picnic table and a fire ring. In addition, tent pads are provided at many sites. Only tents are permitted in this campground.

Pants

Pets are permitted at all campsites in this campground. The guidelines for pets are posted on the campground bulletin board. Pets are prohibited in swimming areas and all overnight areas, except the facilities involved in the pet program. Guide dogs and service dogs are not considered pets.

Camping Season

This campground opens in early May and closes in mid-September.

Campsite Issuing

Campsites are available on a first-come, first-served basis. If an employee is unavailable, read posted instructions and then proceed to an available site and set up.

The appropriate fee must be paid to a park employee or deposited in a supplied honor system envelope before setting up on a campsite.

Firewood Advisory

Firewood may contain non-native insects and plant diseases. Bringing firewood into the park from other areas may accidentally spread pest insects and diseases that threaten park resources and the health of our forests. Campers should use local firewood. Do not take wood home and do not leave firewood - Burn It!

Handwashing

Handwashing and dishwashing are permitted only where appropriate facilities are available. Handwashing and dishwashing are prohibited at water spigots, hand pumps, springs, lakes, and streams.

Firearms Safety

In areas not open to hunting firearms shall be kept in the owner's vehicle or enclosed trailer. Exceptions include: law enforcement officers and individuals with a valid Pennsylvania License to Carry Firearms are authorized to carry a firearm concealed on their person while they are within a state park.

Feeding wildlife is prohibited. When animals become dependent on humans for food, this brings animals and humans into close contact which can lead to potentially dangerous situations. Human food is often of little nutritional value to animals and can make animals sick and unhealthy.
